YOUNG MEN

THIS STORE IS FULL OF THE SMART, SNAPPY STYLES IN EVERYTHING FOR THE OUTER MAN. WE HAVE JUST THE THINGS THAT THE YOUNG MEN WANT—THE NEWEST TO BE FOUND ANYWHERE.

YOUNG MEN'S CLOTHING

College Brand Clothes

Our young men's clothing comes from manufacturers who make nothing but young men's clothing. Do not make a garment for either children or older men. As a consequence they are not afraid to make up the very newest styles and patterns, things that you usually expect to find only at the merchant tailors. Coats are hand-made, trousers will not break down, the fit is perfect, the patterns are novel and exclusive. Prices \$15—\$18.

Dunlap Hats

Dunlap Hats are the stylish man's hat. The enormous success we have met with these hats shows that they fill a long felt want with the well-dressed men

Of Frankfort.

Boyden Shoes.

The many smart styles we are showing in Boyden Shoes this fall appeal especially to the young men. There is a very handsome shoe, made of genuine Corona colt, in button blucher style, which is the novelty of the season. Prices \$5.00 and \$6.00, for Boyden Shoes.

Manhattan Shirts

Are sold only by us. They are known over the country as the best made. Fall styles \$1.50 and \$2.

Rain Coats—Top Coats

We have some very swaggar things in both of these. The top coats are cut 32 inches in length with a box effect and are worth \$12 and \$15. The rain coats are cut full 52 inches, are made in new Scotch effects—also the ordinary grays—and are worth \$15 to \$20.

Also we are showing many new effects in fancy socks, at 50c and Keiser Barathon Neckwear at 50c and \$1.00.

R. K. McCLURE & SON.

212-214 ST. CLAIR STREET

FRANKFORT, KENTUCKY.

OFF FOR SEAT OF WAR.

Company A, 2d Regiment, Kentucky National Guards, Capt. F. L. Gordon, commanding, left on the 5:45 P. M. train on Monday morning for West Point to go in the camp of instruction under Major General John C. Bates, U. S. Army. There were fifty men who reported for duty.

Company E, same Regiment, Capt. W. A. Lutkeneter commanding, left on Thursday, at 12:50 on a special train for the same point. There were 60 men in line.

BAD ACCIDENT.

We have just learned the particulars of a sad accident to a bright lad, a son of Mr. John Siler, who lives beyond the Forks of Elkhorn, on Wednesday of last week.

It seems that the lad was loading some rock on a wagon when he fell off and broke his back and three ribs.

Surgical attention was at once rendered, but the chances are desperately against the lad's recovery.

A THOUGHTFUL MAN.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at all druggists.

NARROW ESCAPE.

On Sunday morning, Judge J. H. Hazelrigg attempted to apply a solution of pasteurine to a sore tooth, as he supposed, but, by mistake, got hold of the wrong bottle, on the washstand, and took some ammonia instead. Of course the result was disastrous, and now the Judge is having a season of enforced return to liquid food and can't argue cases in the court very fluently.

DANGEROUS PRESENT.

Deputy Jailor Kirby was the recipient of a pretty but rather dangerous present, on Monday. A moonshiner, from Rowan county (who had served out his term), sent Mr. Kirby a rattlesnake, a diamond back, with four rattles and a button, indicating that it was five years of age.

BEAUTIFUL COMPLEXIONS.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion. 50c at Paul and Weltzel's.

SPECIAL ELECTION.

The Governor has called a special election to fill the vacancy in Congress, from the Eleventh District. The election will take place on Tuesday, Nov. 10th, just one week after the regular election. It strikes an outsider as a waste of money and time. It should have been called for the regular time, as it has been done heretofore.

DECLINES.

We are requested to say that Mr. Lou Harrod positively declines the nomination for Constable in this magisterial district as tendered him by the Republican Convention. He says he cannot afford to hold the office.

IN MEMORY.

Maud Gertrude Dennis, the little daughter of Mr. and Mrs. G. L. Dennis, died Sept. 26th, aged seven years, four months and three days.

She has gone to meet her savior in that bright world above. Where she is smiling and praise the one That took her home to love. And seeing it we understand The child's rapt look and eager hand. As on the death bed she lies, And for the last time closed her eyes.

She was 7 years, 4 months, 3 days old. When the Angel took her home; Where she can live for evermore, Around that great white throne.

Dear father, mother and sister. Don't grieve for the precious child. For she is now safe at home. In that beautiful home on High—She is now with Jesus.

They come from people in every walk in life and from every State in the Union. The following from Mr. T. W. Greathouse, of Prattburg, Ga., speaks for itself: "I would have been dead now, but for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me of chronic diarrhoea after seven years of suffering. I can never say too much in praise of that remedy. For sale by all druggists."

THE ORIGINAL WILBUR OPERA COMPANY.

On next Monday evening, October 5, the famous Wilbur Opera Company opens an engagement at the Capital Theatre of four nights and three matinees. The Wilbur Opera Company this season is larger and has a better cast of principals than it ever brought to this city. Such names as Gus Vaughn, Chas. Vaughn, W. A. McGraw, Charley VanDyne and the Misses Richardson, Langdon, Hunt and Wisdom as principals, are familiar to lovers of comic opera in every city. The chorus this season is composed of pretty and shapely girls, who, singing, A pleasing feature of the Wilbur's performance is that no waits occur between the acts. As soon as the curtain drops on the different acts of the opera, the vaudeville artists claim attention. As a special feature in this line, Miss Ethel Hunt, the Austrian beauty, has been engaged, and does a novel pleasing act. Mr. Harry Hoffman, the musical director, has composed a new march, which is led by the chorus with new costumes and pretty light effects, which make it a dazzling novelty. Everything is new this season but the prices, which are on the popular scale, 10, 20, 30 and 50c.

Excess

Of Smelling Affected My Heart

So I Had To Sit Up To Breathe.

Dr. Miles' Heart Cure Cured Me.

There is nothing that has a more deleterious effect upon the cardiac or heart nerves than the excessive use of tobacco. Pain and tenderness around the heart, an oppressive feeling in the chest, choking sensation in the throat, dizziness from sleeping on the left side and smothering spells at night when the sufferer has to sit up in bed to breathe are the most common symptoms of a weak heart. Smokers who feel these symptoms and who do not understand their meaning should be warned in time, by the following experience:

"I was greatly troubled with an affection of the heart, due to tobacco smoking. On writing to you for advice I was directed to begin a course of treatment which included Dr. Miles' Heart Cure, Dr. Miles' Nervine and Nervous Liver Pills, together with bathing, etc. I faithfully followed the directions given and am pleased to say that my cure is complete and permanent. Before beginning the use of your remedies I was so nervous I could not keep my hands still and suffered greatly from severe pains around the heart. Many times at night I would be forced to assume a sitting posture to get my breath, and for the time being it would seem as though my heart had stopped beating. The splendid results achieved in my case I can cheerfully recommend Dr. Miles' Heart Cure, Restorative Nervine and other remedies to all sufferers from heart or nervous troubles."—Yours truly, ELIJAH HALL, Debar, Ala.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

Discussion—Prof. Noel, Owen County, Prof. R. E. Warren, Scott, Prof. E. O. Scott, Eminence.

ELECTION OF OFFICERS.

Attention is called to the advertisement of Messrs. H. F. Hillenmeyer & Sons, nurserymen, of Lexington, in to-day's paper. Those needing trees, vines, or anything in their line cannot do better than write to this concern. We will guarantee that everything they furnish is reliable and first-class.

TO RUN FERRY.

By arrangement of the City Council there will be a ferry operated from this city to Bellepoint during the time that the railroad bridge is being renewed.

This will be a great and necessary convenience to the citizens of this city and that growing suburb, for which thanks are largely due to Connellson Pat H. Newman, sr.

RECONSTRUCTING.

The L. & N. railroad has been preparing the timbers for the reconstruction of their bridge over the river in this city for some time. Every timber having been gotten out and all the preliminaries arranged the work of reconstruction was commenced on Monday last.

There is a big gang of men employed and the work will be rushed to completion at the earliest practicable moment, so that as little inconvenience as possible will be imposed on the public.

The trains of all kinds will run regularly and no interruption will occur to any traffic except for foot passengers and vehicles.

It will be remembered that some eleven years ago an entirely new iron bridge was put up at this place, which was raised several feet higher than the old one, and yet not a single train was delayed over five minutes, so perfect were the arrangements for the work.

MOTHERS.

Who would keep their children in good health, should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best toiler. It gets digestion at work so that their food does them good, and they grow up healthy and strong. See at Paul B. Weitzel's.

DRAINING THE ZUYDER ZEE.

An excellent account is given in the October McClure's of an engineering project second only in magnitude and importance to the Suez Canal. To wit, the stupendous undertaking of the Dutch Government to drain the larger part of the Zuyder Zee, convert the rest of it into a great freshwater lake, and reclaim from the sea a piece of land equal to one-fourteenth the present area of Holland. Though the work, which has hardly begun, will extend over some thirty-three years, each stage of it has been plotted and the cost estimated by the Dutch engineers, with the utmost exactness and thoroughness; all of which is most interestingly set forth by the writer of the article.

8 Cents

Eight cents a pound is what a young woman paid for twelve pounds of flesh.

She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is cheap for such valuable material. Some pay more, some less, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

We will send you a little free.

NEW ENTERPRISE.

Judge W. L. Pence has sold his old Chumpton Saw-mill property, on the West Side, to the Ford Lumber Co., Capt. J. M. Thomas, President, and that company will at once erect additions to the mill sufficient to make it one of the largest and best arranged hand saw mills in the State. When completed and ready to operate this mill will give employment to some forty odd hands.

This is a good thing for this city and community, and will do more towards the advancement of our city's interests than anything that has occurred since the building of the Frankfort Shoe Company's big plant.

Now if we could only have more of this character of enterprise it would be a long stride in the right direction.

More business and less politics is the thing to help this city.

A GREAT SENSATION.

There was a big sensation in Leesville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma but your New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the perfect remedy for all throat and lung troubles. Price 50c and \$1.00. Guaranteed by all druggists. Trial bottles free.

A SMASHING SEA YARN.

There is no story better than a good sea story. Such a one there is in the October McClure's by Colin McKay called "The Mate From Maine;" simply the story of how a consumptive looking young fellow just out of the hospital, but already a famous mate, took the old "Eliza Mae," with her cargo of coal, and her looks, and her cowardly master, from Delaware Breakwater safe into Halifax harbor. It is the last story in the number. Look it up and read it.

ROBBED THE GRAVE.

A startling incident, is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to get them. Only 50 cents, guaranteed, at all drug stores.

Don't fail to register Tuesday next, October 6. That is the only chance you will have.

"THE PROFESSOR'S LOVE STORY."

If love is a germ then every theatergoer should embrace the opportunity to see Harry Beresford in J. M. Barrie's most brilliant creation that of "The Professor's Love Story," in which the clever author more than makes up for his other works. "The Little Minister," "Admiral Creighton," and "The Sister of Jose," makes use of the little god Cupid's exclusive specialty, for in this play its writer makes an old man, a man of science, a recluse, fall in love. The workings of the germ with which he is infected will be most expressively portrayed by Beresford's pantomimic action, through which the young comedian, as much as with the lines of the play, conveys the action of the theme.

FRENCH LICK AND WEST BADEN SPRINGS

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surroundings are better; the hotels and accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

This splendidly wooded hills with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or ride and drive through numerous trails, paths and roadways, afford pleasure for those who desire rest and quiet, while at the same time and continue one can have all the entertainment and social pleasures possible at the most fashionable resorts.

COUNTY CLERK.

We are authorized to announce N. B. SMITH, Esq., as a candidate for re-election as County Court Clerk, subject to the action of the Democratic primary.

ATTENTION.

To the Teachers of Franklin County:

The Fifth Semi-Annual Meeting of the Ashland District Educational Association will assemble at Owenton, Ky., October 16, 17, 1903. This body was organized in the city of Frankfort, October 25, 1901, and has been a success from the beginning.

We have a letter from President Williams, of Owenton, saying that his people are manifesting great interest in the meeting, and that he confidently believes this session will excel all others.

Owen county teachers have attended in large numbers every meeting of the Association, and now hold the banner awarded at Georgetown in April for the largest attendance from any county.

Let's go down and bring that banner to Franklin. What say you, teachers?

DO GOOD—IT PAYS.

A Chicago man has observed that good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You can not possibly lose by it. Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up." A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it, for it has helped me on many a time. Sold by all druggists.

Upon their return they will make their home in Louisville. We tender our hearty congratulations.

The happy young folks, directly after the marriage, went to house-keeping in the cozy cottage home which the groom had prepared in advance.

Hearty congratulations are extended.

HARVIELAND.

The early frost is hustling the tobacco into the house.

Mrs. John Marshall and Little Lulu were the guests of Mrs. Bettie Semones, last Sunday.

Miss Cleora Marshall is shopping in a large store in Louisville. She is taking many friends and is liked by all who know her.

Little Theresa Bailey Tindal's little box has been found for quite a while, has been found. The finding of it was appreciated very much by the family.

Two of the girls of this neighborhood made a flying trip to Paradise last Sunday and they were very much pleased with their trip. Boys, be sure that your buzzy is in running order before you start again.

The lad of this neighborhood, who is accustomed to his highlonesome once a week, came in Monday morning looking very melancholy. All of your country cousins feel sorry for you, little Will; but they can't cry for laughing.

Mr. Seth Semones, of Polgrove, has returned home for a short stay.

The Antioch Sunday-school will continue while longer. The small crowd that attend seems to be in earnest with their work. People, why not come to Sunday-school instead of attending the bawls and croquet, and prepare your souls for your future home.

Several people from Stoney Creek went to Cincinnati a short time ago; they were there one half day. They say they saw all of the wonderful sights, and you know they did. They couldn't have taken a bird's-eye view at the Art Museum and walked around Fountain Square once and viewed the night owl in that length of time.

We have a good trade on the Tablets.—Holley Bros., Merchants, Long Beach, Mo. For sale by all druggists.

MILK INSPECTOR.

Mr. B. F. Seherlins, of the Kentucky State College, came to this city yesterday and secured some twenty samples of milk furnished our citizens in the wagon and dairyman, and took them back to Lexington to be analyzed. This is done under the law requiring pure foods and providing for inspection.

ANCIENT TORTURE

How it has Been Revived in Modern Times.

An ancient method of poisoning criminals was to force them to swallow large quantities of bull's blood. Bull's blood is really no poison at all. Yet the prisoner usually died in agony. This was caused by the congealing or hardening of the bull's blood in the stomach. The pressure of this solid mass on the heart, lungs and other vital organs almost always resulted fatally.

That's just like indigestion. If your food doesn't digest it remains in a hard lump in the stomach. Gases are formed, which crowd and sometimes actually displace other organs. Many cases of supposed heart disease are due to indigestion. The pressure upon the lungs interferes with breathing. A disordered stomach affects the whole body.

By the use of such a preparation as Kodol Dyspepsia Cure all this trouble is removed. Before food can be assimilated into the system it must be reduced to proper condition by the digestive fluids. If any of these fluids are lacking, perfect digestion is impossible. Kodol Dyspepsia Cure supplies the missing fluids. Stomach troubles can be cured by dieting. The system demands both a sufficiency and a variety of food. You can't get well or stay well without it. Kodol Dyspepsia Cure enables the stomach to take care of any kind of good food. It renders dieting unnecessary. It digests what you eat. In this way it rests the stomach. This rest soon restores the stomach to perfect health.

Kodol Dyspepsia Cure helps the children too. Weak and sickly little ones thrive on it. It never fails.

"During the last few years my stomach was in such condition that I couldn't retain the food I ate," writes Henry Williams of Booneville, Mo. "Two months ago I commenced taking Kodol Dyspepsia Cure. A few bottles cured me entirely. I can now eat and enjoy anything I want."

Kodol Dyspepsia Cure Cures all Stomach Troubles. Prepared only by E. C. DeWitt & Co., Chicago. The 41 bottle contains 2 1/4 times the 30c. size.

Little Miss Maud Dennis, of Chantville, is quite sick at her father's, Mr. George Dennis.

The many friends of Mrs. Angrave have been delighted to have her with them again. No Englishwoman ever made more devoted friends and neighbors than has Mrs. Angrave in this, her adopted country; we shall all be sorry to see her leave when she returns to Louisville, where she makes her home, with her niece, Mrs. Seanoore.

Mr. Marshall Suter's pony slipped and fell on the west brick street, last court day, hurting Mr. Suter's shoulder. He has about recovered.

Rumor says there is to be a wedding tomorrow week, at Lebanon Church, near Knobs. Two well-known young people of the Chantville precinct will be principals.

A young man of this neighborhood was so unfortunate as to lose his valise between Shelbyville and Bridgeport last Saturday. Papers of no interest or value to any one but himself, and the picture of a very pretty girl, on a button. It left by the finder at Mr. Len Blythe's, in Graceland, or with any one at Bridgeport, or a postal to the Round about Office, would be thankfully appreciated by her. Address of Isaac on bid of telescope.

The young men belonging to the State Guards are hurrying to get tobacco housed before starting to West Point.

Rock washing is the fashionable game on PEA RIDGE at present. Let the good work continue and the sequel to it speedily follow, "spreading the mashed potatoes on the pike."

The recent cold snap made the melon merchants liberal with their customers.

Mr. Tom Tracey has returned from Bedford, Ind. His old neighbors are glad to see him among them again.

On Sunday morning, about 2 o'clock, our town was aroused by the cry of fire. A tenant house, belonging to Mr. G. A. Goddard, was destroyed by the flames. The loss was covered by insurance.

Corn cutting is in full blast. The tobacco crop is about all housed. There was but little damage done by the frosts of last week.

Owing to the continued dry weather, stock water is getting scarce.

But little wheat or rye has been sown as yet, in our immediate neighborhood, on account of the dry weather.

The equinox passed without a rain storm—something very unusual.

"The way to a man's heart is through his stomach," an old saying meaning that to win a man you must feed him well.

If this is not true, it is still true in another sense that the way to a man's heart is through his stomach. Many persons imagine that they have heart disease when it is only indigestion.

This is how it comes about. The stomach distended by gas, crowds the heart and gives the feeling that the trouble is in the heart.

If you don't know that you have heart trouble, try using Walther's Peptonized Port and see if it does not relieve you.

"THE BAR."

The saloon is sometimes called a bar. That's true.

A bar to heaven, a door to hell; Whoever named it, named it well; A bar to manliness and wealth; A door to want and broken health; A bar to honor, pride and fame; A door to sin, and grief and shame; A bar to hope, a bar to prayer; A door of darkness and despair; A bar to honored, useful life; A door to crawling, senseless strife; A bar to all that's true and brave; A door to every drunkard's grave; A bar to joys that home imparts; A door to tears and aching hearts; A bar to heaven, a door to hell; Whoever named it, named it well.

It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful. Miss Julia Filbridge, West Cornhill, Conn.

BERESFORD.

If love is a germ then every theologian should embrace the opportunity to see Harry Beresford in J. M. Barde's most brilliant creation that of "The Professor's Love Story," in which the clever author more than in any of his other works (The Little Minister, Admiral Creighton and The Sister of Jose) makes use of the little god Cupid's exclusive specialty, for in this play its writer makes an old man, a man of science, a recluse, fall in love.

The workings of the germ with which he is infected will be most expressively portrayed by Beresford in pantomimic action through which the young comedian as much, as with the lines of the play, conveys the action of the theme.

LATEST FASHION NOTES.

Reception Gown of Primrose Gauze

A beautiful reception gown is of primrose gauze, cut decollete. A novel bodice trimming consists of graduated bands of black velvet ribbon, which also appear on the

elbow sleeves. Shirring, done to deep hip-girth depth, which is now so popular, being especially effective on thin goods, adds much to the beauty of this gown, which beauty is further augmented by the use of Corticelli sewing silk in the same shade as the goods. The graduated bands of velvet on the skirt, corresponding with those on the waist, complete a most charming creation

MR. READING'S OFFER.

Will Give a Personal Interview to Any Person Desiring to Verify This.

A public-spirited citizen, one well-known throughout Frankfort, makes a generous offer here to give up any portion of his valuable time for the benefit of others. Read his statement.

T. Reading, dry-goods dealer, at 315 Broadway, and residing at 225 Elk Place, says: "I have the greatest faith in Doan's Kidney Pills, for my experience taught me that they are true to their representations. For months I was plagued with backache, not sharp pains, but a dull aching all the time. I noticed it over my hips, then by degrees it worked across the small of my back, the pain being so constant that I became so lame and sore that I could hardly straighten. When I saw Doan's Kidney Pills advertised and especially recommended for my trouble I got a box at J. W. Gayle's drug store. After using them in a few days I noticed a marked improvement in my condition and in a short time I was cured. I will corroborate this statement at any time in a personal interview or in reply to any communication mailed to me."
